

ARO Baffle V1 works all the angles. This unexpected baffle features 100% Wool Design Felt on a thin 10mm-thick acoustic substrate which is cut and folded into a symmetrical 'V.' The baffle comes in customizable length and choose from over ninety colors. And although suspension hardware is a necessity, it doesn't need to be the center of attention. The flexible suspension and mounting options of ARO Baffle V1 are sleek and minimal while also making installation a breeze.

ARO Baffle V1 was designed by Architecture Research Office (ARO), a New York based firm dedicated to architecture that unites beauty and form with strategy and intelligence.

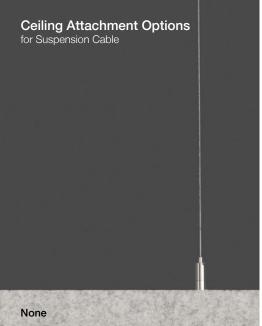

"We strive to convey a sense of calm, warmth, and joy in our product designs as well as through the architecture we design. We take inspiration from both material expression and functionality. We work to elevate spaces through careful attention to detail and use, and to emphasize the responsible use of materials and seek to balance beauty and strategy through design, pattern and texture."

- Architecture Research Office, designers of ARO Baffle V1

No Ceiling Attachment Hardware Provided Unless Otherwise Specified

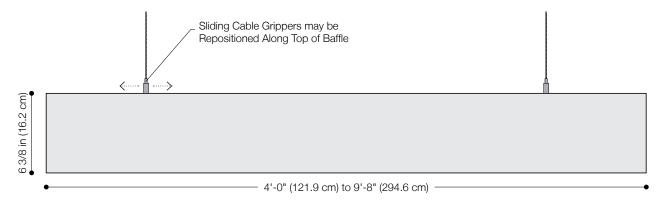

Ceiling Mounting Plate includes Mounting Plate with Cable Gripper (ceiling fasteners not included)

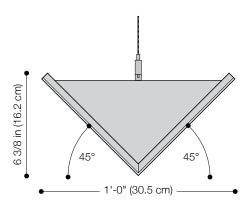

ACT Grid Clip with Cable Gripper Attaches to Standard Acoustical Ceiling Tile (ACT) Ceiling Grid - Available for 9/16" (1.4 cm) or 15/16" (2.4 cm) Grid Sizes

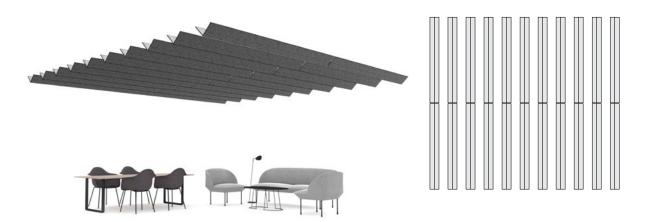

For details of suspension + ceiling attachment options, please contact FilzFelt Customer Service

Product	ARO Baffle V1
Designer	Architecture Research Office
Content	100% Wool Design Felt + Akustika 10 Substrate (60% post-consumer recycled content)
Length	Minimum: 1'-0" (30.5 cm)
	Maximum: 9'-8" (294.6 cm)
Width	1'-0" (30.5 cm)
Height	6 3/8 in (16.2 cm)
Suspension Options	Suspension Cable
	Suspension Rod
Ceiling Attachment Options	None
for Suspension Cable	Ceiling Mounting Plate ACT Grid Clip
Domahilita	
Durability	Contract
Lead Time	Made to order and certain lead times will apply
Installation	Install with two suspension drops included per baffle for suspended options or ceiling attachment
	hardware for ceiling mounted. Sliding cable grippers and suspension rods may be repositioned along track in top of panel and optional ceiling attachment options include ceiling mounting plate and ACT grid
	clips. Suspension cables or rods come in 3'-0" (91.4 cm) length and additional length is available for an
	upcharge. Actual ceiling connection depends upon ceiling type and ceiling fasteners not included.
Unistrut Installation	Suspension options may be suspended from Unistrut Metal Framing System provided by others. For
•••••	more information, please contact FilzFelt Customer Service.
Maintenance	Vacuum occasionally to remove general air-borne debris. Should soiling occur, spot clean with mild soap
	and lukewarm water. Avoid aggressive rubbing as this can continue the felting process and change the surface appearance of the felt. Refer to Product Maintenance and Cleaning Guide for detailed care
	instructions.
Variation	Wool felt is a natural material and color variation and inclusions of natural fiber on the surface are
variation	evidence of the 100% natural origin of the material. Product color is only indicative, as it is not possible
	to assure consistency of color in a natural product due to the natural color of raw wool and absorption
	of dyes. Color matching cannot be guaranteed on shipments and variation will be more pronounced
<u></u>	beyond the normal commercial range.
Environmental	100% Wool Design Felt is 100% biodegradable/compostable and Akustika 10 contains minimum 60% post-consumer recycled content and is 100% recyclable
	Contains no formaldehyde, 100% VOC free, no chemical irritants, and free of harmful substances
	100% Wool Design Felt and Akustika 10 contribute to LEED©
