

Custom Floor Coverings

Floor Covering

Make it all your own with Custom Floor Coverings.

Our custom services allow you to create a personalized floor covering that is one-of-a-kind and truly your own. FilzFelt works with each customer through every step of the custom floor covering process and can provide a wide range of services including custom shapes, stitching, lamination, edging, and backing options.

Whether you want to create a large rug or add detail to a smaller rug, our custom stitching options are the answer. We offer three styles of hand stitching and two of machine stitching. Our nylon thread colors are available in twelve colors which range from muted to bright.

| Embellishment Option | Hand Stitching |
| Backing Option | Eco Rug Pad |
| Durability | Light contract or residential |
| Lead Time | Made to order and certain lead times will apply |
| Installation | Due to the unique characteristics of wool and nonwoven textiles, care must be taken to properly install and maintain a wool felt floor covering. Refer to Floor Covering Installation + Maintenance Instructions for complete guidance. |
| Maintenance | Vacuum occasionally to remove general air-borne debris. Please note that slight shedding of wool fibers is normal and not indicative of any defect. These loosened fibers are easily vacuumed away and will decrease over time. If a wet spill should occur, blot up the liquid as soon as possible with a dry cloth to avoid absorption. Avoid aggressive rubbing as this can continue the felting process and change the surface appearance of the felt. For removal of minor stains, if the floor covering can be removed it is best to obtain the services of a professional dry cleaning company that is familiar with the special care of wool. Refer to Floor Covering Installation + Maintenance for detailed care instructions. |
| Variation | Wool felt is a natural material and color variation and inclusions of natural fiber on the surface are evidence of the 100% natural origin of the material. Product color is only indicative, as it is not possible to assure consistency of color in a natural product due to the natural color of raw wool and absorption of dyes. Color matching cannot be guaranteed on shipments and variation will be more pronounced beyond the normal commercial range. FilzFelt floor coverings are made from natural materials and may incorporate hand craftsmanship. Therefore slight irregularity may occur and sizes can vary and change up to ±5%. |
| Environmental | 100% Wool Design Felt is 100% biodegradable/compostable Contains no formaldehyde, 100% VOC free, no chemical irritants, and free of harmful substances 100% Wool Design Felt contributes to LEED® Download Declare Label Living Building Challenge Criteria Compliant Oeko-Tex® Standard 100 Certified Product Class II Meets VOC test limits for the CDPH v1.2 method |
