

ARO Baffle V1

Acoustic Ceiling Baffle

filzfelt •

ARO Baffle V1 works all the angles.

This unexpected baffle features 100% Wool Design Felt on a thin 10mm-thick acoustic substrate which is cut and folded into a symmetrical 'V.' The baffle comes in customizable length and choose from over ninety colors. And although suspension hardware is a necessity, it doesn't need to be the center of attention. The flexible suspension and mounting options of ARO Baffle V1 are sleek and minimal while also making installation a breeze.

ARO Baffle V1 was designed by Architecture Research Office (ARO), a New York based firm dedicated to architecture that unites beauty and form with strategy and intelligence.

"We strive to convey a sense of calm, warmth, and joy in our product designs as well as through the architecture we design. We take inspiration from both material expression and functionality. We work to elevate spaces through careful attention to detail and use, and to emphasize the responsible use of materials and seek to balance beauty and strategy through design, pattern and texture."

Unistrut Installation	Suspension options may be suspended from Unistrut Metal Framing System provided by others. For more information, please contact FilzFelt Customer Service.
Maintenance	Vacuum occasionally to remove general air-borne debris. Should soiling occur, spot clean with mild soap and lukewarm water. Avoid aggressive rubbing as this can continue the felting process and change the surface appearance of the felt. Refer to Product Maintenance and Cleaning Guide for detailed care instructions.
Variation	Wool felt is a natural material and color variation and inclusions of natural fiber on the surface are evidence of the 100% natural origin of the material. Product color is only indicative, as it is not possible to assure consistency of color in a natural product due to the natural color of raw wool and absorption of dyes. Color matching cannot be guaranteed on shipments and variation will be more pronounced beyond the normal commercial range.
