

ARO Block 4 tilts the scales towards quiet.

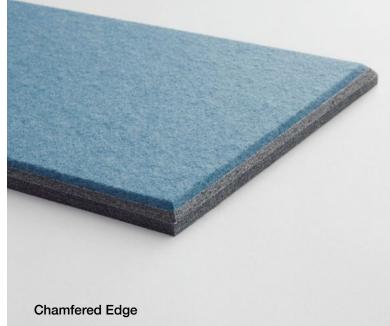

Inspired by architectural shingles and cladding, ARO Block 4 takes the ubiquitous rectangle and cants it slightly to convey movement in customizable patterns. Available in over ninety colors of 100% Wool Design Felt with standard or chamfered edges, the modular tiles install easily with heavy-duty construction adhesive while providing sound softening oomph and all-natural texture.

ARO Block 4 was designed by Architecture Research Office (ARO), a firm dedicated to architecture that unites beauty and form with strategy and intelligence.

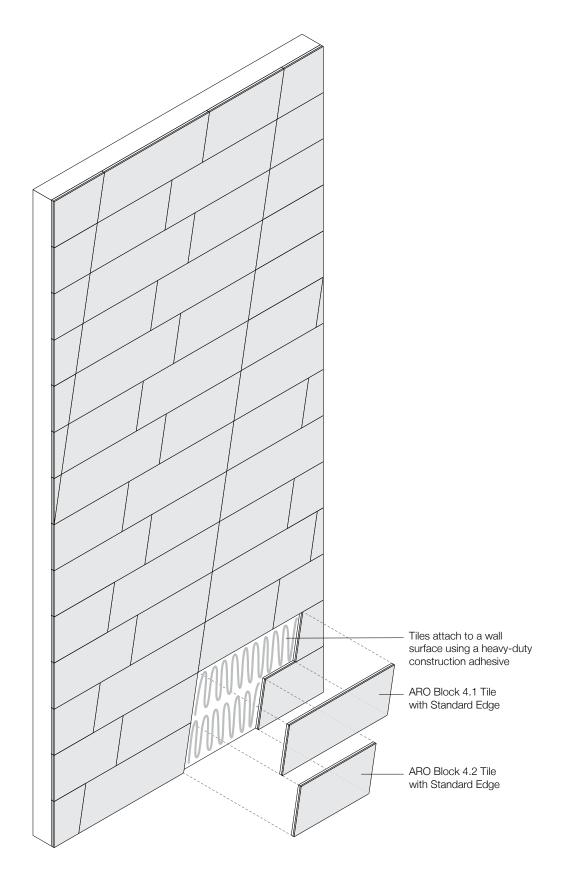

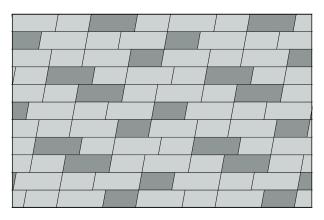

"We strive to convey a sense of calm, warmth, and joy in our product designs as well as through the architecture we design. We take inspiration from both material expression and functionality. We work to elevate spaces through careful attention to detail and use, and to emphasize the responsible use of materials and seek to balance beauty and strategy through design, pattern and texture."

Installation	Install in the pattern as specified and attach to a wall surface using a heavy-duty construction adhesive.  Tiles may be trimmed to size with a utility knife. Refer to ARO Block 4 Installation Instructions for
	complete guidance.
Maintenance	Vacuum occasionally to remove general air-borne debris. Should soiling occur, spot clean with mild soap
	and lukewarm water. Avoid aggressive rubbing as this can continue the felting process and change the surface appearance of the felt. Refer to 100% Wool Design Felt Maintenance + Cleaning for detailed care
	instructions.
Variation	Wool felt is a natural material and color variation and inclusions of natural fiber on the surface are
	evidence of the 100% natural origin of the material. Product color is only indicative, as it is not possible to assure consistency of color in a natural product due to the natural color of raw wool and absorption
	of dyes. Color matching cannot be guaranteed on shipments and variation will be more pronounced
	beyond the normal commercial range.
