

Søuld + Felt Wall

Acoustic Wall Panel

Søuld + Felt Wall highlights the best of two natural materials.

Acoustic wall panels get a sustainable upgrade in Søuld + Felt Wall. 100% Wool Design Felt and eelgrass, a powerhouse natural material combination, amplify aesthetics and soften the sound in the most eco-friendly acoustic option.

Søuld + Felt Wall pulls double duty on sound absorption, with customizable panel sizes that are available in over ninety felt colors with chamfered or wrapped edges.

Søuld + Felt Wall was designed using Søuld eelgrass. Søuld is a Danish material manufacturer committed to creating environmentally-friendly, recyclable and CO₂-storing product made from eelgrass, a marine plant that grows naturally in the sea.

"We believe that the end-use must be considered to honor the story of eelgrass fully. That is why we are making products that can have a long life, be recycled, and be part of systems designed for repair, disassembly, and reuse."

– Tobias Øhrstrøm, Founder of Søuld

Product	Søuld + Felt Wall
Designer	Søuld
Content	100% Wool Design Felt + Søuld Acoustic Board FR (Eelgrass)
Standard Sizes	Minimum: 1 sq ft (0.09 sq m) Maximum: 3'-4" x 4'-10" (101.6 x 147.3 cm)
Thickness	11/16" (18 mm)
Thickness Tolerance	1/16 in (2 mm)
Edge Options	Exposed - Chamfered Wrapped
Mounting Options	Direct Glue
Custom	Custom sizes and shapes are available and must be quoted
Durability	Contract
Lead Time	Made to order and certain lead times will apply
Installation	Panels attach to wall surface using a heavy-duty construction adhesive. Allow to acclimate on site for 48 hours. It is important that the surface be clean, dust-free and level. Panels may be trimmed to size with a utility knife. Refer to Søuld + Felt Wall Installation Instructions for complete guidance.
Maintenance	Vacuum occasionally to remove general air-borne debris. Should soiling occur, spot clean with mild soap and lukewarm water. Avoid aggressive rubbing as this can continue the felting process and change the surface appearance of the felt. Do not apply water or commercial cleaners to eelgrass substrate. Refer to Product Maintenance and Cleaning Guide for detailed care instructions.
Variation	Wool felt is a natural material and color variation and inclusions of natural fiber on the surface are evidence of the 100% natural origin of the material. Product color is only indicative, as it is not possible to assure consistency of color in a natural product due to the natural color of raw wool and absorption of dyes. Color matching cannot be guaranteed on shipments and variation will be more pronounced beyond the normal commercial range. Eelgrass is a natural material and color variation and inclusions on the surface are evidence of the 100% natural origin of the material. Product color is only indicative, as it is not possible to assure consistency of color in a natural product due to the natural color of the eelgrass plant. Color matching cannot be guaranteed between individual panels and expect color variation beyond the normal commercial range. and expect color variation beyond the normal commercial range.
Environmental	100% Wool Design Felt is 100% biodegradable/compostable and Søuld Acoustic Board FR is 100% recyclable and is fully circular – when no longer in use, can be returned to become a second generation of Søuld Eelgrass product Contains no formaldehyde, no chemical irritants, and free of harmful substances 100% Wool Design Felt and Søuld Acoustic Board FR contribute to LEED® Download Declare Label Living Building Challenge Criteria Compliant Oeko-Tex® Standard 100 Certified Product Class II (100% Wool Design Felt)
Acoustics	ASTM C 423: NRC – 0.60, SAA – 0.62
Colorfastness to Light	Class 4–5 (40 hours)
Colorfastness to Crocking	Class 3–4 (wet), Class 4–5 (dry)
Flammability	Test reports available upon request
