101 West End Avenue

Specifier	Bromley Caldari
Location	New York NY
Product	Ribsy
Felt Color	209 Bordeaux
Photographer	Mikiko Kikuyama

At the 7,500 square-foot amenity area of a 500-unit multi-family building on the Upper West Side of Manhattan, Ribsy in a rich burgundy covers the curved ceilings of the striking single-hued space. The cork-backed felt acoustic tiles are flexible enough to keep with the curve while providing a textural and quiet reprieve.
