Credit One Stadium

Specifier	LS3P
Location	Charleston SC
Product	Plectere Curve
Felt Color	150 Weiß
Photographer	Katie Charlotte

For the renovation of a 10,000-seat tennis stadium, LS3P created a world-class player and patron experience, including a stagehouse with spaces for player amenities, broadcasting, private guest suites, VIP club level, and player lounge. In one of the amenity spaces, Plectere Curve in a soft and natural colorway creates tactile space division in sweeping curves of braided wool felt.
