

Cushman & Wakefield

Project Profile

filzfelt •

Cushman & Wakefield

Specifier	HGA
Location	Washington DC
Product	Hive 1
Colors	100 Wollweiß + 03 Dark Grey
Photographer	Judy Davis

At Cushman & Wakefield in Washington DC, HGA's team sought to include a boatload of collaborative and social spaces in an inviting office space. The design focuses on finishes in warm colors and natural materials, including acoustic felt wall tiles. Hive 1 modular tiles in the semi-private banquettes go up in a jiffy, but create a wall of continuous patterning and sound softening.
