

Lerner Residence
Project Profile

Lerner Residence

Specifier	Nuhouse Furniture + Design
Location	Miami Beach FL
Product	Akustika 10 Wall
Felt Color	408 Taupe
Photographer	Barry Grossman

In this media room in a Miami Beach private residence, the high-end finishes create a serene, luxurious space perfect for curling up with a good flick. Akustika 10 Wall panels in a neutral and natural light grey cover three walls of the room to provide the necessary acoustics. Seaming between the panels creates interest with a strong geometric rhythm, and since Akustika 10 Wall is available in custom sizes and options, its flexibility fits just about any space and design.
