Microsoft Sales Office – Chevy Chase

Specifier	SmithGroup
Location	Chevy Chase MD
Product	ARO Plank 1
Felt Color	180 Terracotta
Photographer	Judy Davis, Davis Hochlander

At the Microsoft Sales Office in Chevy Chase, Maryland, a combination of client-facing conference center space and home for the federal sales team received a material refresh. The design focuses on connecting employees in small, unique neighborhoods within the open office. In the reception area, ARO Plank 1 in a rich terracotta faces the custom desk and elsewhere in a touchdown room, horizontally-oriented ARO Plank 1 runs up the wall creating a quiet respite from the open office.
