Moovel  
Project Profile

# Moovel

<b>Specifier</b>	Hacker Architects
<b>Location</b>	Portland OR
<b>Product</b>	Index Linear
<b>Felt Colors</b>	150 Weiß + 160 Beige
<b>Photographer</b>	Lara Swimmer

At the Portland, Oregon headquarters of an urban mobility company, the company culture of creativity without limits is alive and well in massive curved walls lined in Index Linear. These cork-backed, acoustic tiles seem right at home on the concave surfaces. And the natural beige felt colors in two tones are a perfect complement to the salvaged timber throughout. The slight variation in felt color, as well as the varied tile thicknesses, create ever-so-quiet yet impactful feature walls.
