Peterson and Stone Residence

Specifier	Terrat Elms Interior Design
Location	Cambridge MA
Product	Custom Floor Covering
Felt Colors	160 Beige + 170 Asche

FilzFelt was excited to be a part of This Old House! Terrat Elms designed a modern interior that subtly blends old and new for the 2012 Cambridge House project. The living room includes a custom floor covering created with three wide strips of 100% Wool Design Felt bound together with contrast hand stitching. 160 Beige and 170 Asche are both natural, undyed felt colors and the floor covering fits perfectly within the neutral tones of the classic living space.
