Sapient

Project Profile

filzfelt

Sapient

Specifer	IA Interior Architects
Location	Atlanta GA
Products	3mm Wool Design Felt + CNC cut Wool Design Felt
Felt Color	425 Taubengrau

For Sapient, a marketing and consulting company, FilzFelt's CNC cutting capabilities provide the ability to powerfully render the company's logo into the interior finishes. 5mm Wool Design Felt in 425 Taubengrau is CNC cut with a repeat of the company's logo and applied over a painted wall allowing the saturated yellow to show through. Directly adjacent, 3mm Design Felt in the same hue is used to upholster cushions that provide extra seating yet blend effortlessly into the feature wall.
