For a yoga-inspired athletic apparel retailer, reclaimed rough-hewn wood stools feature a layered 100% Wool Design Felt seat pad secured with leather pulls. FilzFelt provided the 12 x 12 inch (30.5 x 30.5 centimeter) felt pieces and Spinneybeck© Leather Pulls were pre-cut for the brass finishing nails. Three layers of 3mm Wool Design Felt allow for a soft yet stylish seat pad so customers can take a breather while shopping. The stool fabrication was completed by the client.
