Project Profile

filzfelt •

espace d.

Specifier	McFarlane Green Biggar
Location	Vancouver BC
Product	CNC cut Wool Design Felt
Felt Color	200 Natur

Espace d. is a lifestyle boutique founded by French interior designer, Pierre Derreumaux. Dedicated to contemporary home accessories and furniture, the retail showroom is located in the Yaletown neighborhood of Vancouver. McFarlane | Green | Biggar imagined a dynamic custom felt installation utilizing thousands of CNC cut felt disks. The 5mm-thick ovals in 200 Natur, 100% natural wool, are suspended by knotting clear filament at each oval to showcase a dramatic in-store exhibition space. FilzFelt provided the CNC cut felt ovals and design and installation were done by the architect and client.
